Taylor University Employee and Alumni Publication Collection

Summary: This collection contains both published and unpublished writings by Taylor faculty, staff, and alumni. The types of materials range from books, booklets, articles, and academic papers. The Archives does not actively search out such materials but rather relies on the authors or others having possession to donate to the Archives.

All books are located on the shelves in the Archives' lobby, although there may be copies of some in the Ayres Collection and/or the Zondervan Library. Booklets are located both in the burgundy pamphlet holders and in the gray archival boxes on the Lobby shelves. All papers and articles are located in the gray archival boxes on the lobby shelves.
