OR

Campus Tour

Departs from LaRita Boren Campus Center near Campus Police

TAYLOR
UNIVERSITY

Post Visit Reflections

Visit days can be a lot to process. We've come up with some questions for you to help your student think through what they've experienced.

- 1. Did you get a feel for the different residence halls' personalities? Which community could you see yourself being a part of?**
- 2. Since chapel isn't monitored at Taylor, why do you think so many students attend? Was there anything that the speaker said that struck a chord in you?**
- 3. How did the academic session go? What opportunities stood out about that department?**
- 4. Why did your host choose to come to Taylor? What have they been involved with as a student?**
- 5. Did you learn anything about Taylor that you didn't know before?**
