**TAYLOR UNIVERSITY**  
Advanced Placement (AP)

---

---

**POLICIES**

Credit is granted as specified below:

- Grades are not given for credit earned by examination, nor are the credits figured in the Taylor grade point average.
- Up to 30 eligible credits earned through AP and/or CLEP examinations will be entered on the Taylor transcript upon receipt of the official score report from College Board and after the student has matriculated. Students not desiring credit must request that the credit be waived.
- Credits earned may be used to satisfy foundational core, major/minor/concentration requirements or elective credit.
- Approved credits may be used to meet prerequisites for advanced courses.
- Unsuccessful attempts to earn credit by examination will not be recorded.

**The College Board Advanced Placement Program (AP)** is designed to test the knowledge of secondary school students who have taken college-level courses in high school. The tests are offered at participating schools in May of each year. Students must request that a copy of the AP grade report be sent to Taylor University (1802).

Taylor offers college credit according to specific criteria. Students who meet Taylor's standards in the examinations on page 2 of this document are eligible for credit.

Requirements and equivalent Taylor courses are listed in the table on page 2 of this document. For further information or assistance contact your high school or the AP program by phone at (888) CALL-4-AP (225-5427) or (609) 771-7300, by fax (609) 530-0482, or by email [apexams@info.collegeboard.org](mailto:apexams@info.collegeboard.org).

**Language Requirement – AP:** Candidates for the Bachelor of Arts degree must demonstrate the equivalent of two years of sequential college-level study in one foreign language for graduation from Taylor University. Taylor offers language instruction in French, Spanish, Chinese, New Testament Greek, and Old Testament Hebrew.

**French, Spanish & Chinese**

Students who take and pass the AP exams in French, Spanish or Chinese with a score of 4 will have met the language proficiency for the BA degree and may receive credit for 201 and 202. These exams must be taken prior to enrollment at Taylor.

**Greek, Hebrew and Korean**

New Testament Greek, Old Testament Hebrew, and Korean are not administered by AP or CLEP exams.

**German, Italian, Latin and Japanese**

AP exams are offered in German, Italian, Latin, and Japanese. Any student scoring a 4 for these languages will have met the language proficiency for the BA degree. No credits will be given for these languages. If a student scores below 4 and wishes to pursue one of these language options, the student must meet with the Modern Languages Department Chair. Any approved arrangement for meeting proficiency must be through a regionally accredited U.S. college or university and would not include transfer of credits from those institutions. Since AP is for high school students, these exams must be taken prior to enrollment at Taylor.

**Special note on AP Chemistry Exam** – Students who earn a 4 or 5 on the AP Chemistry exam may choose how their credit is applied at Taylor. Because the credit can be awarded in different ways depending on degree requirements, students should review their major/minor requirements and notify the Registrar's Office of their preferred option. A score of 4 may be applied as CHE 201 and CHE 202 (8 credits) or CHE 211 (4 credits), and a score of 5 may be applied as CHE 201 and CHE 202 (8 credits) or CHE 211 and CHE 212 (8 credits).

**Special note on AP English Language and AP English Literature Exams** – Students can receive ENG 110 (3 credits) with a score of 4 or 5 on either the AP English Language exam or the AP English Literature exam. Students who earn a 4 or higher on AP English Language and a 5 on the AP English Literature exam will receive both ENG 110 (3 credits) **and** ENG 299 (3 credits).
